## **Occupational Therapy Conference Features Art Exhibit**

Crystal Run Village, Inc. will co-host the New York State Occupational Therapy Association Conference and Assistive Technology Expo the weekend of Oct. 22-23 on the SUNY Orange Middletown Campus. The conference will bring together hundreds of occupational therapy personnel from across the state.

The expo, from 10:30 a.m. to 6 p.m. on Saturday and 11 a.m. to 6 p.m. on Sunday in the gymnasium, will unite many local and regional vendors to showcase the latest products and services that allow Hudson Valley residents to enhance their ability to live independently. Exhibits will be of interest to people with disabilities, as well as family members, rehabilitation professionals, and anyone who desires to live more independently, regardless of age.

The Crystal Run Village, Inc. exhibit will showcase artwork created by the talented artists using the Open Vistas Day Habilitation Program as their workspace. Open Vistas Day Habilitation makes community inclusivity possible for adults with intellectual disabilities and spectrum disorders. Its mission is to build social capital for the individuals participating so that they may realize full, meaningful lives in their community as contributing and valued citizens. Open Vistas is a satellite program of Crystal Run Village, Inc., a provider of services for the integration and empowerment of people with disabilities. The agency operates in Orange, Sullivan and Rockland Counties and employs approximately 850 people. **For information about Crystal Run Village, Inc. visit [www.crvi.org](http://www.crvi.org).**
