History of Crystal Run Village Foundation

"Supporting the services for the integration and empowerment of people with disabilities."

Since 1989, Crystal Run Village Foundation has provided quality of life support to persons with intellectual and developmental disabilities throughout the Hudson Valley and beyond. We focus philanthropic dollars on a person-centered practice that allows the individuals we serve to lead self-directed lives. "New Directions...New Lives" is the root of our person-centered initiative to foster independence, maximize participation in the community, and allow individuals to lead self-directed lives.

Contributions to the Foundation are used in the following ways:

- To help maintain CRVI's facilities and residences.
- To support recreational opportunities for our residents.
- To assist in supporting both the vocational and avocational interests of residents.
- To provide material support for life-long learning programs.
